TIPPERARY CRYSTAL

THE PREMIER CHOICE IN CORPORATE GIFTING

Welcome to the world of Tipperary Crystal, the home of Irish crystal for nearly a quarter of a century.

Tipperary Crystal has become synonymous with high-end designs and excellent quality, creating modern and classical collections.

OUR RICH HERITAGE

This Irish owned company was founded by master craftsman Joe Foley and John Meagher to great acclaim. During the 1980's they established a team of craft workers and designers who were uncompromising in their commitment to superb design.

Since then our collections have been influenced by Irish style icons such as Sybil Connolly and Louise Kennedy, both of whom are Irish design legends in their own right.

As you journey through this brochure which captures a diverse range of modern and traditional collections, you will find timeless classics and design treasures which will enhance any home, corporate award or trophy cabinet.

PRESTIGE AND SPECIAL COMMISSION AWARDS

What better way to mark a special achievement than with a piece of Tipperary Crystal. Our designers have created unique bespoke trophies for sporting events, business awards and special occasions. Our pieces are both traditional and contemporary; incorporating copper wheel engravings or traditional sand carving. From initial concept to delivery, our team offer excellent design advice coupled with focus, creativity and attention to detail working closely with clients to achieve the most beautiful and exclusive piece of Tipperary Crystal.

'When designing trophies I believe the most important point is to capture something of the spirit of the event. I would hope this is evident in my work for the Sony Ericsson Tennis Trophy - from concept sketches and presentation drawing to the final piece.'

PRESTIGE AND SPECIAL COMMISSION AWARDS

Some people prefer their awards untouched. If you do not want the award engraved but do wish to personalise the piece, wooden plinths either mahogany or black in colour with engraved plate inscription is the best option to achieve this.

PRESTIGE AND SPECIAL COMMISSION AWARDS

Sculpting is synonymous with creativity. Our sculptors create pieces of excellence with intricate detail, precision and breathtaking beauty.

CHRISTY O'CONNOR

Christy O'Connor

Christy O'Connor

Irish golfing legend Christy O'Connor Senior knows much about trophies - he has had plenty of first-hand experience of them over recent decades. Christy was the natural first choice for Tipperary Crystal to collaborate with in designing a range of cut-glass trophies for presentation at golfing, and other events. During a career that spanned four decades, Christy won 24 titles on the European Tour, including the 1956 and 1959 British Masters and 20 international tournaments, including 10 Irish PGA titles. He also won eight times on the European senior circuit and participated in 10 Ryder Cup teams for Great Britain and Ireland, as well as Ireland's winning team in the Canada Cup. Christy was the second only Irish man to be inducted into the World Golf Hall of Fame in 2009.
